- and Safety at Work Act, Leaflet on procedures under the 181
- and safety hazards, Measuring 119
Heat and noise by a special enclosure, Reducing machine
G. Locati, V. Vicini, F. Cetta and F. Ombello 93
High scale accuracy 245
Home fire-alarm system 245
Hospital ward, Subjective odour levels in an air-conditioned
A. Rae, and R.M. Smith 27
How much is a large part?
M. Hammerton 10
Human error rates 251
- operators and simulation 117
Hydraulic crane scale with digital readout readout 53

I

- ICAO Alphabet 249
Identifying fire extinguishers 120
- disabled people 60
- pipeline contents 61
Industrial Noise Group 119
Industry urged to prepare for safety representatives and committees 183
Information displayed at driver's eye level 116
Inspection in a knitwear company, Aspects of
R. Mills and M.A. Sinclair 97
Instruments teach self control 186

J

- Job redesign in Scotland 249
- satisfaction booklet 53
- satisfaction reference 118
Just how many accidents are caused by bad road signs?
G.S. Smith 157

K

- Keyphone on keying performance, The effect of keypad angle of a table
M.B. Cooper 205
Keyphones, Contract for 54

L

- Large part, How much is a?
M. Hammerton 10
Leaflet on procedures under the Health and Safety at Work Act 181
Leg protection for motor cyclists 248
Legal obstacles to women 'machinery attendants' removed 243
Legislation proposals for workplace safety representatives and committees 247
Lift traffic patterns in a multi-storey residential block
P. Robertson, R. Smith and A. Rae 85
Long line linear indicator 245

M

- Manhole access report withdrawn 247
Manual process control - a case study and a challenge
C.G. Drury and A.S. Baum 3
Materials for protective clothing 60
Measuring health and safety hazards 119
Mileage calculator 58
Miniature air powered screwdriver 159
Mobile weighing system 246
Mobility allowance extended to children 250
Motor cycle safety 246
Motorway accidents in fog and darkness 62
